

Ball Valve

Tavlit range of full bore ball valves and self seal threads were designed to operate at high pressure and a wide range of temperature.

Features:

- Designed to resist high pressure and wide temperature range.
- Made with reliability, long life and durability in mind.
- Full bore valve for low head loss.
- Very easy actuation.
- High chemical resistance.
- Self-seal threads.

Ball Valve with Swivel Connector

Technical Specifications:

- Max. Working pressure: 16 bar (232 psi).
- Threads: B.S.P.T.
- Available Sizes: 15-50 mm (1/2"-2").
- Temperature Range:-20 to +90 C° (-4 to 190°F).
- Wide range of connections:
 - Thread: Male/Female 1/2"-2".
 - Swivel: 3/4"-2".

Female Connection Ball Valves

Materials:

- Body: P.P.
- Nut: P.P.
- Handle: Glass reinforced Polyamide.
- Ball: Polyamide 12.
- Stem: Polyamide 12.
- Gasket: Viton.
- O-Rings: EPDM.
- Screw: Stainless steel
